6.3.12 Camp Type Functionality

The Camp Type functionality provides an association to Camp. It assigns a Type to a Camp.
E.g. Rest Camp, which could become Satara(Camp) Rest(Type) Camp.
The Camp Type functionality will encompass the creating, searching, updating and deleting of the Camp Type.

6.3.12.0 Camp Type Home Screen

The following screens indicate how a user can navigate to the Camp Type Home screen.

Control Number	Control type	Control Description
