Weekly Booking Report

Filter Period: dd/mm/yyyy – dd/mm/yyyy

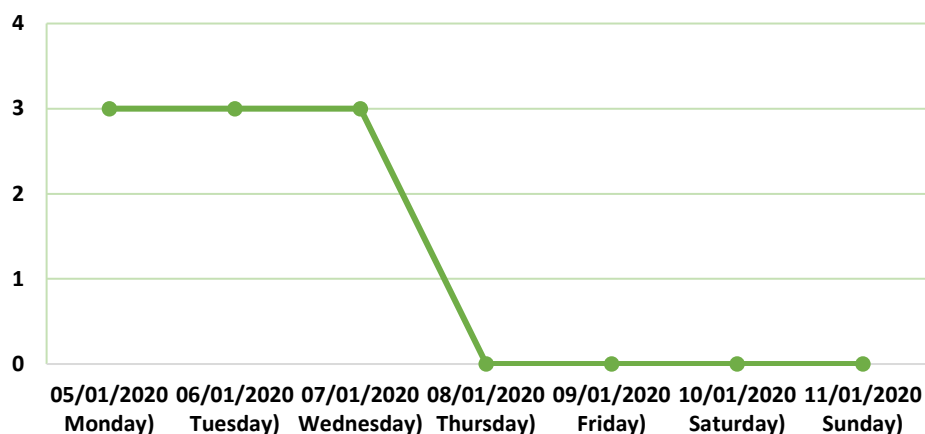

Park: Kruger National Park

Report Description:

This report will show the data of the bookings that clients has made over a selected period, for a selected park. It will show data such as when the client made a booking for an accommodation and/or an activity, when that booking takes place and how much that booking costs. It will show the overall bookings made and the associated cost for the week's accommodation and that week's activities separately. It will also show graphs base on the data approximated.
